

WEBSITE REBUILD PROPOSAL

Cheeky Media website rebuild

Prepared for Cheeky Media by Broadbrand.

1. Project overview

Broadbrand will design, build and launch a new website for Cheeky Media to replace the current WordPress and Elementor site. The new site is a fast, responsive, SEO-ready build on Next.js, deployed to Vercel and tuned for the Johannesburg market. The goal is a site as bold as the work Cheeky Media makes, built to turn visitors into enquiries.

2. Scope of work (included in the fixed fee)

- Custom responsive design, mobile-first
- Up to 15 core page templates, such as Home, About, Services, Portfolio and Contact
- Reusable component library for consistent, on-brand pages
- On-page SEO basics: meta tags, Open Graph, sitemap, clean URLs
- Contact form with validation and email / lead routing
- Tap-to-call and tap-to-email links for mobile visitors
- GA4 and Vercel Analytics setup
- Vercel deployment and domain connection
- One revision round per page

3. Optional extras and 4. What Cheeky Media provides

Broadbrand can take care of (if needed)

- Copywriting, if you would rather not supply the words
- Stock photography sourcing and licensing where you have no imagery

Provided by Cheeky Media

- CI / brand guidelines (colours, typography, tone)
- Logo files in all formats (vector preferred)
- Work-done (portfolio) assets: stills, video, client names

5. Out of scope (quoted separately)

- E-commerce / payments
- Custom or headless CMS build
- Original photo / video shoots (stock sourcing is covered above)
- Bespoke third-party / API integrations
- Ongoing maintenance or retainer support
- Brand identity / logo redesign

6. Timeline (approximately 4 weeks)

Stage	Milestone	Timing
01	Discovery and sign-off	Week 1
02	Design direction	Week 1 to 2
03	Build	Week 2 to 3

04

Content and review

Week 4

05

QA and launch

Week 4

7. Investment

Once-off fixed fee

R30,000

- 50% to begin, 50% on launch
- Fixed scope, fixed price, no hourly surprises
- Quote valid for 30 days

8. Hosting and running costs

The site is hosted on Vercel and billed monthly. The recommended plan for a live client site is Vercel Pro at \$20 per month (read as an approximate ZAR equivalent at the current exchange rate: [ZAR PLACEHOLDER]). For a marketing site of this size, normal traffic sits inside the included Pro allowances, so the realistic ongoing cost is the \$20 per month base, and a spend cap can be set.

Paid directly to Vercel, not to Broadbrand. This monthly hosting cost is paid by Cheeky Media directly to Vercel on your own Vercel account. It is not paid to Broadbrand and is separate from the once-off build fee. Broadbrand sets up the account and connects your domain, then you keep full ownership and control.

9. Acceptance

By signing below, both parties agree to the scope, timeline and investment set out in this Statement of Work.
